

Summary of relevant Business and Pecuniary Interests information of Governors

Birchanger Church of England Primary School 2016/2017

Governors hold an important public office and their identity should be known to their school and wider communities. In the interests of transparency, all governors are required to make an annual declaration of any relevant business and pecuniary interests that could represent a conflict of interest when exercising their role as a governor. These declarations are recorded in a register which is open to public inspection with the same information also available on the website.

At the start of each meeting of the governing body governors are invited to declare any new, relevant interests since their most recent annual declaration was made and, if there are any, both the register and the information on the website will be updated.

Business Interests include: Directorships, partnerships and employments with businesses that may provide goods or services to the school

Pecuniary interests Include: Any relationship between governors and members of the school staff including spouses, partners and other relatives

In the interests of transparency, all school staff who have responsibility for school financial arrangements and actions are required to make an annual declaration of any relevant business and pecuniary interests that could represent a conflict of interest when exercising their role. These declarations are recorded in a register which is open to public inspection with the same information also available on the website.
